MICRO-PEELS

Pomegranate Peel - \$95

The Pomegranate Peel works to even out the top layers of the skin to smooth away superficial sun damage and discoloration. Containing some of nature's most potent antioxidants—including pomegranate seed oil, green algae astaxanthin and red wine resveratrol—this therapeutic leveling peel targets skin-damaging free radicals while gently stimulating collagen for a healthy, youthful finish.

Purity Peel - \$95

To clarify oily, impure and breakout-prone skin

This detoxifying, deep epidermal peel uses a unique blend of acids to penetrate excess oil, decongest pores and clarify oily, impure and blemish-prone skin. Combining the groundbreaking AGP Complex with chirally correct alpha and beta hydroxy acids, Purity Peel encourages healthy exfoliation and calms problematic skin to reveal a glowing, dewy complexion.
